Independent Auditor's Report

I have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Goodland's Building Authority, Michigan as of and for the year ended June 30, 2005, which collectively comprise the Building Authority's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Township of Goodland's Building Authority's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that the audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Goodland's Building Authority as of June 30, 2005 and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis, and the budgetary comparison schedules, as identified in the table of contents, are not a required part of the basic financial statements but are supplemental information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplemental information. However, I did not audit the information and express no opinion on it.

The Audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Goodland Building Authority's basic financial statements. The accompanying other supplemental information, as identified in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The other supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As described in Note 1, the Building Authority has implemented a new financial reporting model, as required by the provisions of GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and related statements, as of July 1, 2003.

Goodland Township Building Authority

Imlay City, Michigan

Management's Discussion And Analysis Letter

Our discussion and analysis of the Goodland Township Building Authority provides an overview of the Building Authority's activities for the fiscal year ended June 30, 2005. Please refer to it in conjunction with the Goodland Township Building Authority's financial statements.

Financial Highlights

- All the USDA payments are made through lease revenue received from the Goodland Township General Fund and Fire Fund.
- At the date of this letter the revenue sharing for the 2004-2005 fiscal year is expected to remain at the same level, thereby assuring that the lease payment will be paid.
- The Fire Fund is scheduled to make a payment of \$3,000 over the next three years, and has made payments the last two fiscal years. This payment is for their share of the parking lot and the painting of the fire hall whose costs were included in the USDA loan.
- The financial stability of the Building Authority is based on the lease payments from the township.
- The Building Authority members have decided to keep the balance in the checking account at the minimum of \$6,000 for any changes to the town hall that may be necessary.

Building Authority Activities

The Building Authority's revenues come solely from the lease payments made by the Goodland Township General Fund and Fire Fund. The Building Authority board meets to approve the mortgage payment on the USDA loan; and to approve any improvements or expenditures related to the land and buildings.

Contacting the Building Authority

This report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the Goodland Township Building Authority's finances and to demonstrate the Goodland Township Building Authority's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Building Authority office at 2374 N. Van Dyke Road, Imlay City, Michigan or by telephone at (810) 724-0169.

For The Year Ended June 30, 2005

Net Change in Fund Balances - Total Governmental Funds	\$ 1,650.82
Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Governmental Funds report Capital Outlays as Expenditures; in the Statement of Activities, these costs are capitalized and allocated over their estimated useful lives as Depreciation	-
Repayment of Bond Principal is an Expenditure in the Governmental Funds, but not in the Statement of Activities (where it reduces Long-Term Debt)	10,000.00
Interest Expense is reported in the Statement of Activities when a Liability is incurred; they are reported in the Governmental Funds only when payment is due	-
Depreciation is an Expenditure for the Statement of Activities, but is not reported in the Governmental Funds	<u>(12,417.00)</u>
Net Assets of Governmental Activities	<u>\$ (766.18)</u>

The notes are an integral part of the statements.

Township of Goodland Building Authority

Notes To The Financial Statements

June 30, 2005

1. Summary of Significant Accounting Policies:

Description of Association Operations & Fund Types

The Goodland Township Building Authority was created on March 28, 2000, by Goodland Township, for the purpose of construction of a Township hall and lease back to the Township of Goodland.

In accordance with the provisions of the Governmental Accounting Standards Board (GASB) in its Statement No. 14, the Goodland Township Building Authority is not considered to be part of any other governmental entity for financial reporting purposes. The criteria established by GASB for determining the various governmental organizations to be included in the reporting entity's financial statements include oversight responsibility, scope of public services, fiscal independence, financial accountability, imposition of will and financial benefit or burden. On this basis, the financial statements of other governmental organizations are not included in the financial statements of the Goodland Township Building Authority.

Component Units - In accordance with generally accepted accounting principles, there are no component units of Government required to be included in the Financial Reporting Entity either as blended component units or discretely presented component units.

Government-wide and Fund Statements Fund

The Government-wide Financial Statements (i.e., the Statement of Net Assets (Deficit) and the Statement of Activities) report information on all the nonfiduciary activities of the Building Authority (the primary government). The effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function (governmental activities) or identifiable activity (business-type activities) are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or activity; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or activity. Taxes and other revenue items properly excluded from program revenues are reported as general revenue.

Separate financial statements are provided for governmental funds, and Fiduciary Funds, even though the latter are excluded from the Government-wide Financial Statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Township of Goodland Building Authority

Notes To The Financial Statements

June 30, 2005

The Building Authority reports the following major governmental fund:

General Fund - The General Fund is the Building Authority's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Measurement Focus and Basis of Accounting

The Government-wide Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become susceptible to accrual - that is, when they become both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period, generally collected within 60 days of the end of the current fiscal period. Revenues susceptible to accrual include property taxes, intergovernmental revenues, special assessments, licenses, charges for services, and interest. All other revenue items are considered to be available only when cash is received by the Building Authority. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, and claims and judgments are recorded only when payment is due.

Cash - The Building Authority does not pool cash resources of its various funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in various interest-bearing securities and disclosed as part of the Building Authority's investments.

Investments - Debt securities are valued at cost since it is generally the policy of the Building Authority to hold such investments until they mature.

Due to and Due from Other Funds - Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed.

Capital Assets - Capital assets, which include buildings and equipment, are reported in the applicable governmental column in the Government-wide Financial Statements. Capital assets are defined by the Building Authority as assets with an initial individual cost of more than \$1000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Capital assets are depreciated using the straight-line method over the following useful lives:

Buildings & Building Improvements

40 years

Township of Goodland Building Authority

Notes To The Financial Statements

June 30, 2005

Long-Term Obligations - In the Government-wide Financial Statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net assets. Bond premiums and discounts, issuance costs, and the deferred amount on refunding are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount and deferred amount on refunding. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

Fund Equity - In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Accounting Changes

GASB Statement No. 34 - Effective July 1, 2003, the Building Authority implemented the provisions of Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments* (GASB No. 34). Changes to the Building Authority's financial statements as a result of GASB No. 34 are as follows:

- A management's discussion and analysis (MD&A) section providing analysis of the Building Authority's overall financial position and results of operations has been included.
- Government-wide Financial Statements (statement of net assets (deficit) and statement of activities) prepared using full accrual accounting for all of the Building Authority's activities have been provided.
- Capital assets in the governmental activities column of the statement of net assets (deficit) includes assets not previously accounted for by the Building Authority. In addition, the governmental activities column includes bonds and other long-term obligations previously reported in the General Long-term Debt Account Group.
- The fund financial statements focus on major funds rather than fund types.

Township of Goodland Building Authority

Notes To The Financial Statements

June 30, 2005

2. Stewardship, Compliance, and Accountability

Budgetary Information

The Building Authority is legally subject to the budgetary control requirements of State of Michigan P.A. 621 of 1978 (the Uniform Budgeting Act). The following statements represent a brief synopsis of the major provisions of this Act:

1. Budgets must be adopted for the General Fund and Special Revenue Funds.
2. The budgets must be balanced. The balanced budget may include a contribution to or appropriation from fund balance.
3. The budgets must be amended when necessary.
4. Debt cannot be entered into unless permitted by law.
5. Expenditures cannot exceed budget appropriations.
6. Expenditures cannot be made unless authorized in the budget.
7. Public hearings must be held before budget adoptions.

In the body of the financial statements, the Building Authority actual expenditures and budgeted expenditures for the budgetary funds have been shown on a functional basis. The budget is used by the Building Authority Board as a management tool during the year for all budgetary funds. The budgets are adopted on a cash basis, which is not consistent with generally accepted accounting principles. Budgetary control is exercised at the departmental level. A budget for the General Fund is presented in the required supplemental information.

During the year ended June 30, 2005, the Building Authority incurred expenditures in certain budgetary funds which were in excess of the amounts appropriated, as follows:

	<u>Total</u> <u>Appropriations</u>	<u>Amount of</u> <u>Expenditures</u>	<u>Budget</u> <u>Variance</u>
NONE			

Township of Goodland Building Authority

Notes To The Financial Statements

June 30, 2005

3. Cash and Investments

Michigan Compiled Laws, Section 129.91, authorizes the Local Unit to deposit and invest in the accounts of Federally insured banks, credit unions, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or Federal agency obligation repurchase agreements; bankers' acceptance of United States banks; commercial paper rated by two standard rating agencies within the two highest classifications, which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan.

At year end, the deposits and investments were reported in the basic financial statements in the following categories:

	Governmental Activities	Total Primary Government
Cash & Cash Equivalents	\$ 9,662	\$ 9,662

The Building Authority's deposits are in accordance with statutory authority. As of June 30, 2005, the balance sheet carrying amount of cash deposits was \$9,662. The bank balance as of June 30, 2005, was \$9,662, of which \$9,662 was covered by FDIC insurance.

All cash deposits and investments of the Building Authority are held by the Building Authority in the Building Authority's name.

The GASB Statement 3 risk disclosures for the Local Unit's investments are as follows:

Investment Type	(1)	(2)	(3)	Carrying Amount	Market Value
Risk Categorized					
Operating Funds					
US Treasury Bonds	-	-	-	-	-
Investment in Deferred					
Compensation Plans	-	-	-	-	-
Total Risk-Categorized					
Investments	-	-	-	-	-

The cash and investments that are represented by specific identifiable investment securities are classified as to credit risk by the three categories described below:

- Category 1 Insured or registered, or securities held by the Building Authority or its agent in the Building Authority's name.
- Category 2 Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the Building Authority's name.
- Category 3 Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the Building Authority's name.

Township of Goodland Building Authority

Notes To The Financial Statements

June 30, 2005

4. Capital Assets

Capital assets activity of the Building Authority's governmental activities was as follows:

	<u>Balance July 1, 2004</u>	<u>Additions</u>	<u>Disposals & Adjustments</u>	<u>Balance June 30, 2005</u>
Governmental Activities:				
Capital Assets Being Depreciated:				
Township Hall	<u>\$ 496,671</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 496,671</u>
Subtotal	496,671	-	-	496,671

5. Long -Term Debt

The following is a summary of the debt outstanding of the Building Authority as of June 30, 2005:

	<u>Interest Rate Ranges</u>	<u>Principal Maturity Ranges</u>	<u>Beginning Balance</u>	<u>Additions (Reductions)</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Bonds Payable - Township Hall Construction - USDA Loan						
Original Issue - \$500,000		\$10,000 -				
Maturing through 2030	4.75%	\$31,000	\$ 490,000	\$ (10,000)	\$ 480,000	\$ 11,000
Total Governmental Activities			<u>\$ 490,000</u>	<u>\$ (10,000)</u>	<u>\$ 480,000</u>	<u>\$ 11,000</u>

Annual debt service requirements to maturity for the above governmental bond and contract obligations are as follows:

<u>Years Ending June 30,</u>	<u>Governmental Activities</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2006	\$ 11,000	\$ 22,800	\$ 33,800
2007	11,000	22,278	33,278
2008	12,000	21,754	33,754
2009	12,000	21,186	33,186
2010	13,000	20,614	33,614
2011-2015	75,000	93,150	168,150
2016-2020	95,000	73,624	168,624
2021-2025	120,000	48,686	168,686
2026-2030	131,000	17,338	148,338
Total	<u>\$ 480,000</u>	<u>\$ 341,430</u>	<u>\$ 821,430</u>

6. Deficit Fund Balance or Retained Earnings Balances of Individual Funds

None

7. Comparative Data

Comparative total data for the prior year has not been presented.

8. Risk Management

The Building Authority is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries, as well as medical and workman's compensation benefits provided to employees. The Building Authority has purchased commercial insurance for the various risks of loss stated above.

Settled claims for the commercial insurance have not exceeded the amount of coverage in any of the past three years. There was no reduction in coverage's obtained through commercial insurance during the past year.

**Report on Compliance and on Internal Control over Financial
Reporting Based on an Audit of Financial Statements Performed
In Accordance with *Government Auditing Standards***

To the Building Authority
Township of Goodland Building Authority
Imlay City, Michigan 48444

I have audited the general purpose financial statements of the Township of Goodland Building Authority, Michigan, as of and for the year ended June 30, 2005, and have issued my report thereon dated September 8, 2005. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Township of Goodland Building Authority, Michigan's general purpose financial statements are free of material misstatements, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of our tests disclosed no instances on noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing my audit, I considered the Township of Goodland Building Authority, Michigan's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the management and the Township Board and Federal and State agencies and is not intended to be an should not be used by anyone other than these specified parties.

Members of the Building Authority Board
Goodland Township Building Authority
Lapeer County, Michigan

Board Members:

In accordance with your request, I have made an examination of the financial statements of Goodland Township Building Authority for the fiscal year ended June 30, 2005. During the course of my examination, no significant items came to my attention.

I thank the officials for the cooperation I received in the completion of this examination. Should you have any questions in connection with the above, please contact me at your convenience.

Sincerely,

Lehn King
